

STEP 4

PACKAGE & ENJOY

THE MOMENT YOU'VE BEEN WAITING FOR!

Now that you have this delicious new beer, package your liquid accomplishment in bottles or kegs. Congratulations, you are now a homebrewer. Go enjoy that beer! You've earned it.

Start homebrewing today: [HomebrewersAssociation.org/GoBrewYourself](https://homebrewersassociation.org/goBrewYourself)

ADJUNCT INGREDIENTS & MORE

Adjunct ingredients are fermentable ingredients other than malt.
Examples are: corn, rice, sugar, honey and molasses.

Other ingredients like fruit, herbs & spices and wood can be added to
create different flavor and aroma profiles.

WORT

Wort (pronounced 'wert') is the bittersweet liquid produced from mashing grains and boiling hops before it is fermented into beer.
